

2014 YOUNG REVOLUTION

**Showcasing Contemporary Talented Young Artists from Korea
22 – 28 January 2014: Ion Art Gallery, Orchard Singapore**

A glimpse of future Korean contemporary art in the heart of Singapore

From 22 January 2014 at the Ion Art Gallery, Orchard Singapore, Art On Gallery will showcase artworks of 19 young and inspirational Korean artists who are transforming the landscape of Korean contemporary art.

This exhibition, “2014 Young Revolution”, features selection of works from Korean artists aged between 25 to 35 years who, by their use of diverse range of mediums and concepts, have challenged the parameters of Korean contemporary art. The artworks are dynamic in their perception and diverse in their expression which unequivocally displays traits fitting to the generation of these artists. Through eclectic genre of artworks including painting, sculpture, oriental painting, photography, video art and ceramics, “2014 Young Revolution” presents a glimpse of the future of Korean contemporary art in the heart of Singapore.

Notwithstanding their age and experience, the 19 artists invited to showcase their works are under the spotlight of Korean contemporary art scene, having been awarded in various capacities in Korea as well as overseas. This exhibition is a rare chance to see up close some of Korea’s promising talents, selected for both their artistic and commercial potential.

With rapid developments in contemporary art in both Korea and Singapore, this exhibition endeavors to provide a platform on which to exchange artistic communion between the two countries and to provide next generation of young and inspirational artists an opportunity to expose their uniqueness to the wider audience.

This exclusive exhibition is a part of a continuing effort by Art On Gallery, an art consultancy based in Singapore, to showcase and expose talented Korean artists to Singapore.
